

# Historic rally

Craig and Gosford Road Corporation

## Starting card

Each station of the rally offers you two questions. The first is on this map. You can answer it in two ways: either by listening to the audio tape on the interactive podcaster tour or by reading carefully the interpretation panel at each rally station.

The second question is of observation type. It will be asked to you at the end of the audio tape or at the bottom of the interpretation panel.

You must answer the eighteen questions for the game to be completed. There is no time limit to complete the rally.

---

When you have completed the game, we invite you to visit [www.craig-gosford.ca](http://www.craig-gosford.ca) to find out how to send us your answers. We will return your score thereafter.
